

Title : Thank You

Composer :

Lyricist :

We began our music years
As schoolboys in a band
We played our music just for thrills
In halls throughout the land.

We found opportunity
To play our songs on the radio
And with luck eventually
On a weekly TV Show

A big break came our way one day
When our record called "Shanty"
Went to No. 1 on music charts
Makin' music history

'Twas the start of
better things to come
Here at home and overseas
The support you gave
dear loyal friends
Made the dreams realities

Thank you Lord for
what you've done
It was fun for everyone
Thank you all for memories
We recall great growin' years

Just for good times way back then
We unite to play again
The melodies you've heard before
And some more
