

**Title : The Magic Is You**

**Composer : Iskandar Ismail**

**Lyricist : Gregory Chan**

Ever since we came to be  
You were always there for me  
I hear you breathe I see you smile  
You have made our lives worthwhile  
It's your warmth your beautiful touch  
It makes me remember so much  
Of the pleasure I treasure  
So love on we must

**Chorus:**

No matter when  
No matter where you may go  
You know my heart will always stay  
For you are here  
I know you always will be  
It's all because the magic is you

We've had dreams they seemed unreal  
We've had hope they gave us zeal  
But dreams came true and hopes unfurled  
My island's grown into a world  
There've been days of laughter and pain  
But family and friends will remain  
We have grown here together  
Let's keep it that way

**Chorus**
