Union united union united we will be we will be  
Strong, undivided sure and decided  
you can feel you can feel  
Progress with peace and solidarity  
Union united we'll always be

N is the national strength we gain  
T is the trust that we built in  
U for the unity we'll remain  
C is the company we take pride in

Be with the union you can find  
Fair in the dealings all the time  
Caring and sharing with you in mind  
Moving ahead united day and night

Progress with peace and solidarity  
Union united, union united, union united
