

Title : So Fast Another Christmas

Composer : Clement Chow

Lyricist : Clement Chow

CHORUS

So fast another Christmas
Another Christmas comes so fast

Oh No! Not again
Another year has come and gone
So many things we've left undone
I guess our time is movin' on

No use lookin' back
Cause you could feel kinda scared
Everytnin's been movin' fast
You couldn't see it going past

(Chorus repeat)

Look at where we are
We've not come very far
Taking things too lightly
We end up seeing stars

No use looking' back
Cause you could feel kinda scared
Everything's been movin' fast
You couldn't see it going past

(Chorus repeat)

We've got to learn to make
the most of our time
While it still lasts
We're growin' older hopefully wiser
Got to learn to stand the test of time.....
