

Title : We Will Get There

Composer : Dick Lee

Lyricist : Dick Lee

Remember the days. we set out together with faith?
Remember the times, so fine,
when we thought that Nothing could stand in our way?
Then things weren't the same, the life that we knew had to change
We've struggled through, the darkest storms
We thought we couldn't tame
Together we've tried, as we stood side by side
I knew we'd build a new world
A world of hope for ever after

Deep in my heart I just know,
Right from the start, we will grow
Look where we are, we've come so far
And there's still a long, long way to go.
With all of my head, I will care
I'll play my part, I will share
With family and friends, together we'll stand
And in the end, hand in hand
We will get there

So now we begin, working together to win
Believe in trust, it must Be possible to overcome anything
There's so much to do, there's so much we can contribute
By sharing just a little love
We will start again anew So why don't we try?
If we stand side by side
I know we'll build a new world
A world of hope for ever after
