Listen to the music - let the music through  
Show them you appreciate what they're trying to do  
Exercise some discipline — don't tap your feet too hard  
Try to see that what you hear has got no counterpart  
Culture  
When you look upon the wall, do you see dots and lines?  
And when you watch the dancing figures, do  
they dance in time?  
Teach yourself or have it fed into you day and night  
Soon you'll come to understand the dances, dots and lines.  
Culture

Ladies & gentlemen, we proudly present  
The greatest works ever created by man

Do tears come to your eyes  
When all the characters emote —  
It comes as no surprise  
After all, culture's forced down your throat

Do you like Schubert? Do you like jazz?

Listen to the music - let the music through  
Show them you appreciate what they're trying to do.
