

Title : Time To See The Flowers

Composer : Leon Lim / Adrian Loo / Martin Tang

Lyricist : Leon Lim / Adrian Loo

Give me time to see the flowers
Give me time to walk in the fields
O now give me time O give me time

People with hands tied behind their backs
They're shouting out set us free
Give me time O give me time

I believe it's time we see the colours that we breathe
Pray and hope we'll find at last the beauty of the breeze

Guns and knives won't cure the disease
Love and hate will make it worse
O now give me time O give me time

So bang your head against the wall
And listen to your head bleed
'cause you care about the soul of the children

Listen to the sounds of the frogs singing
Listen to the love in the chicken/ fox farm
Listen to the flowers in the breeze
Listen to the sunshine in the trees
'cause you care about the soul of the children
But you don't know why you don't know why
