

**Title : I'll Be There**

**TENG**

Everybody needs a little smile sometimes  
A caring friend, a helping hand,  
A guiding light  
And you should always know  
That there is a place to go  
Whenever you need any help  
To make the future bright

Everybody needs to know a little more  
But knowledge is the key for those  
Forbidden doors  
Now, all you need to know  
Is whatever helps you grow  
If ever you decide to fly  
I'll give you wings to soar

And I'll be there  
To brighten up your day

**BEE**

With tender loving care  
To bring around the change

**TENG**

And in return  
I'll learn a little more  
About the wonders of the heart

**TENG & BEE**

'Cause sharing levels what our hearts are for

**BEE**

Everybody needs some help along the way  
Somebody who can point you to  
A better day  
And it's so nice to know  
That I'll never be alone

**TENG**

We'll make a team for building dreams  
And here the dreams will stay  
And I'll be there  
To brighten up your day  
With tender loving care  
To bring around the change

**BEE**

And in return  
We'll learn a little more  
About the wonders of the heart

**TENG & BEE**

'Cause sharing love  
Is what our hearts are for

**BEE**

And if I feel I can't get  
Through it on my own

**TENG**

Together we can pave  
The way for moving on

**TENG & BEE**

Let's make the starting point,  
The willingness to try  
Reach up to the sky  
Keep on flying  
Higher

**BEE**

And you'll be there  
To brighten up my day  
With tender loving care  
To bring around the change

**TENG & BEE**

And in return  
I'll learn a little more  
About the wonders of the heart  
'Cause sharing love  
Is what our hearts are for.
