

**Title : Never Say Goodbye**

**Composer : Dick Lee**

**Lyricist : Stephen Clark**

Suns will set, stars will rise  
Suns return to take us by surprise  
Though the seasons live and die  
Still we're here to see the dawn once more  
Never say goodbye

All I've known  
All I've prayed  
Years that seem just one long masquerade  
Still there's hope and still I'll try  
Trust me child and always know I'm here  
Never say goodbye

Turn the page tell the story  
Everyday something new arrives  
leave the gate find the glory  
trust inside what you know survives

Tides will rise, tides will fall  
Wait for the springtime  
or a lover's call  
Seasons turning still we're learning  
never say goodbye

Turn the page tell the story  
Everyday something new arrives  
leave the gate find the glory  
trust inside what you know survives

Tides will rise, tides will fall  
Wait for the springtime  
or a lover's call  
Seasons turning still we're learning  
never say goodbye
