

Title : Deeper

Composer : Chris Ho / Tan Tiang Yeow

Lyricist : Dick Lee

She nodded courteously, she knew who I was,
Though I didn't know who she was till I realised
You were standing next to me.
Not smiling, not saying a word
I retreated for my own protection,
Shying from the scene

CHORUS

Here I am, I'm thinking again,
I think too much and I feel too much.
Unwisely connecting, preserving and coaxing,
It wasn't a drama though I'm mellowing out.
Bit by bit, and year by year.
But I think I went
Deeper than just an affair —
Deeper

The pain had everything to do with the day you knew
The sins we toyed with
Had come to bear the scars and discomfort
Now I look back with no displeasure,
No remorse, no hatred.
Just the feeling that I've done it all again

(REPEAT CHORUS)
