**HEART OF STONE\***

(WORDS & MUSIC: MARK CHAN  
SPANISH LYRICS: JAIRO SANCHEZ-ARENAS)

You need a heart of stone  
to play the game  
You need a heart of stone  
to take the pain

You need to build your wall  
so it will never fall  
You take the chances all alone  
You need a heart of stone  
You need a heart of stone

You need a skin of steel to take the talk  
Jealous tongues conceal  
Empty hearts

"See how he runs"  
"See how he falls"  
You take the chances all alone  
You need a heart of stone

De piedra y de sal  
Un corazon  
Blanco al mirar  
Duro al sentir

Asi se vé  
Asi se dá  
Un corazon sévé  
Una piedra se dá

**LOVER TO LOVER\***

(WORDS & MUSIC: MARK CHAN)

Baby I know it  
You're no angel and neither am I  
Baby we show it  
We've had our share  
of crazy times  
Blowing our minds  
We don't want to return to that  
Do we, do we, do we?

Baby I know it  
You've had your lovers girl I've had mine  
Baby we show it  
under the covers  
These crazy times  
Blowing our minds  
We don't want to talk about it  
Do we, do we, do we?

Lover to lover  
No time to mend  
From one to another  
Where will it end?  
Lover to lover  
Why can't we see?  
Lover to lover  
Can't we discover?  
All of these lovers must end  
with you and me

Baby we show it  
You're getting older, girl so am I  
Baby we know it

the time is right to  
leave it behind  
those crazy times  
We don't need to return to that  
Do we, do we, do we?

**WALKING OVER HISTORY\***

(WORDS: MARK CHAN  
MUSIC: MARK CHAN, ANDREA TEO)

Walking down these avenues  
All around me I can see  
People just like me and you  
Walking over history

Dreams of life, Dreams of youth  
Dreams of living overseas  
A generation's dreams have all come true  
A generation starts to dream  
different dreams different dreams

Children of suburbia  
What will our children be?  
Westward bound or Asia?  
Which one is our identity?

Oh it's just another day  
In our lives  
It's just another day  
Oh Don't throw it all away  
Our lives  
The world is in our hands  
The world is in our hands

Walking down these avenues  
History is all I see  
Dreams of life, Dreams of youth  
Dreams of living overseas...overseas...  
overseas

Children of suburbia  
What will your children be?  
Children of nostalgia  
Which one is your identity?

**SEND ME A WIND\***

(WORDS & MUSIC: MARK CHAN)

Send me a wind  
Let it blow me out to sea  
Far from the crowds  
Far from the crazy

Send me a wind  
and let me ride  
away from the troubled tide  
Give me wings, let me fly  
Set me free

Send me a wave  
Let it wash me out to sea  
Away from the pride and the fear  
that's holding me

Give me some space and time  
to clear my troubled mind  
and then maybe we'll find  
some harmony

Will there be time tomorrow  
to find the peace of mind we've lost today?  
Or will we find it's slipped away?  
Slipped away.....

**SAY YOU LOVE ME\***

(WORDS: MARK CHAN  
MUSIC: MARK CHAN, GEOFFREY WOO, ANDREA TEO)

Girl, don't you think we're wasting  
too much time?  
Don't want to push it but  
I've got a full-tank weighing on my mind  
And I've got to unload it

You're old-fashioned, I'm too shy  
Let's give this passion chance to fly

Oh, won't you say you love me  
Say you love me  
And I'll say I love you, love you,  
love you too

Boy,  
I've been dreaming of a special love  
I don't want to play around  
You, are you the one that I've been  
dreaming of  
Who'll sweep me off the ground?

Make the first move if you dare  
Come on say it if you care

Oh, won't you say you love me  
Say you love me  
And I'll say I love you, love you,  
love you too....

I can't wait  
How much longer must we hesitate?  
Can't we see  
The two of us were meant to be.....

**STILL CRAZY\***

(WORDS & MUSIC: MARK CHAN)

Nobody knows it  
I never show it  
There's not a trace  
on my face  
to give the game away

But times when we're close  
Times I dread the most  
'Cause when you're around  
Walls come tumbling down  
And my heart gets in the way

The hurt won't heal  
Time hasn't changed the way I feel

I still want you  
I still need you  
I'm still crazy about you  
I'm still falling  
I'm still calling  
I'm still crazy, still crazy about you

Time after time  
Crime after crime  
Everything you do pulls me back to you  
But it never leads me home

People stop and stare  
People say they care  
Tell me what to do, can't get over you  
I don't have a heart of stone

Baby I'm crazy (crazy still crazy)  
Baby I'm crazy (crazy still crazy)  
Baby I'm crazy over you.....

**IN THE SHADOWS Δ**

(WORDS: MARK CHAN  
MUSIC: JOSHUA WAN, MARK CHAN)

I can see reflections of a perfect sky  
Mirrored in the magic in your eyes  
I can touch emotions I have never felt  
Standing in the shadows of  
your magic spell

What does it take to prove  
My love for you is deeper  
than the deepest blue?  
What does it take to shine  
A little loving on this heart of mine?

I'm in the shadows, shadows  
In the shadows, shadows  
In the shadows  
The shadows of your love

Somewhere in the prison of  
the darkest dark  
There's an open window to your heart  
Somewhere there's a crossing  
to the other side  
Caught here in the shadows  
of the love you hide

What does it take to prove  
My love for you is deeper than  
the deepest blue  
What does it take to shine  
A little loving on this heart of mine?

I'm in the shadows, shadows  
In the shadows, shadows  
In the shadows  
The shadows of your love.....

**CIRCLES\***

(WORDS & MUSIC: MARK CHAN)

Here am I alone again  
Back on my feet  
Learn the rhythms of the world  
The beat of the street

Normal conversation bores me  
Normal people should ignore me  
Don't want to think too deep  
Got my sanity to keep

Round, round the circles go  
Round the centre-point  
Round the picture-show  
Oh, Round, round the circles go  
Round the centre-point  
Round the picture-show  
Round and round we go

Here we are, the young and brave  
Out on the street  
Burning up, the super-save  
We eat to the beat

One more day of nine to fiving  
One more night of endless jiving  
Don't want to think too deep  
Got our sanity to keep

Round, round the circles go  
Round the centre-point  
Round the picture-show  
Round, round the circles go  
Round the centre-point  
Round the picture-show  
Round and round we go  
Round and round we go....

**BETRAYED\***

(WORDS & MUSIC: MARK CHAN)

Don't want to be the first  
to say goodbye  
But I can't revive the flame that has died  
I know it's not easy when loving has flown  
We're falling apart  
and I can't face it on my own

I see it in your eyes  
Laughter can't disguise  
the feelings that have died  
And I can't cry

Is it the way of love  
to be betrayed by love?  
Why can't we stay in love?  
Forever's not real enough  
It's just the way  
The way of love  
is fading away, fading away, fading away

Don't want to be the first  
to walk out the door  
But we can't go on pretending anymore  
Too many years we've spent  
Talking in rhyme  
Forever has come and gone  
We're running out of time

I see it in your eyes  
Laughter can't disguise  
the feelings that have died  
and I can't cry....
