

Lady I

NO TO BOUNCE

My name is L-A-D-Y E-M-M-A
Aint d cheapo who listens to craps on moonlight bay
Aint juz any lady u meet night & day
You wont know when this emcee comes out yr way;
she'll make u stay
I'm down wit my flow I'm lettin' everybody knows
So juz hit me I dunt wear Prada or Gucci
Ma-te-rialise its aint in the mentality
Break d energy do it slowly not hastily
When battlin' me u better charge yr battery
This lady shows no mercy aint a joke in lion city
Aint weak voluptuously of my feminine
Sound like the violin I'll burn up my rhymes like gasoline..

Everybody on the dance floor
No matter where u ate (Hands up!)
East coast west coast worldwide
Everybody in the club say what? say what?

Now where w're headin'? Hangin' loud bangin'
Crash this universe, quench my thirst first by rappin' this verse
People ask who's this lady, who's this emcee?
Execution of my rhymes to all those who stepped on my toes
All across the onwards the games not yet over
The world will have a diff name I'll take cover
As i turn up the volume I'll be rockin' the mic
Cos I'm the illest female emcee in SG
I'm standing strong wit my stage name Lady E
I build up wit my dreams on this burnin' flame
Now who u r to have a place in this rap mind game?
This queen will make d scene yo much better again

Everybody on the dance floor
No matter where u ate (Hands up!)
East coast west coast worldwide
Everybody in the club say what? say what?

DECISIONS

Where am i headin' for?
Mere instinct dat i gotta explore or will i come back for more
More disturbance or just an illusion?
A trauma that i had to face in my younger days
Listen to what my parents gotta say
Stay away from home is what i wanna do
Whether i make the right decisions
A lot of times, i'd wanted to
A lot of times things atakin' me all confuse
When friends give me da cold shoulders
Boys gimme a lot of problems
I wonder mom's naggin' cos i slugged in my studies thinkin'
Why it happens all da time?
I wonder what it'll be like in da next five years?
All this while will i still live in pain
Nothing's gain, ups and downs enough to turn me insane
I guess this is growing up it's a test perhaps of
my own perception i guess yo!

Decisions dat we got to make
Come over age, we build and create
Elevate flip life to the next page
Demonstrate encourage and engage

Back in those days when i was younger
I used to wonder whether i ever lose to hunger to follow my dreams
I would imagine and lookin' for the future to see and
a vision where i might be
And now that i'm travellin' writin' rhymes reflectin' what's happenin'
In my life that i'm all grown up i'm glad that
i've came instead of not showin' up
So I lead by example the way to be, tied up to SG wit Lady E
Infinite reflection from all direction sunlight
shinin' bright upon your section
Disconnection breaks down barriers infected wit hiphop decaious
Converge and merge together as one over the beat and the drum

KEEP DA ROCK

Ini kali pertama ku dengarkan lagu rentak irama nu skool
Visi untuk menghiburkan bukan membosankan
Misi puisi intelektual galaksi trensi masa kini
Identiti cabaran masa kini
Bebaskan parasit hapuskannya.. Fantasia alamia
Ku kata kau tanya berapa kali ku kata
Tak perlu kau berpura-pura hidup bersandiwara
Dengar kata siapa? Yang jelas di mata banyalah
warna-warna indah sahaja (oh yeah)
Ku katakan kau dengarkan
Usalah lagi kau bercelaru
Ayuh kita berpesta satu, dua,
tiga mari sama-sama kita berlaras

Dengarkan lagu dengarkan laguku
Berdegap-degup bergegoran jantungku
Irama funky soulz secepat Rapidol
Terima kasih ku ucapkan pada rappers yo
Setiap detik ku rasakan bergetik di medan
dansa siapa tidak peduli
Jika kau rakanan dunia berputar-putar bisa
kau temu siapa pencabar utama
Berapa lama bisakan kau bertaban
Muncul mu seketika tidak ku perasan
Miniku di sini hanya untuk kau ingati
Berapa lama bisakan kau bertaban
Muncul mu seketika tidak ku perasan
Miniku di sini hanya untuk kau ingati
I keep da rock baby!

Ding-dang ku kan berganding-dang
Terasakan langkahku kakau terkenggang- kenggang (2x)
Bisakan bermula satu irama dama
Tanpa batas-batas aliran muzik yang normal formal
Download dari portal kau terpegun ku teraju
Perjuangan vokal lokal

I keep u rock keep keep u rock to da
I keep u rock till da beat goes down (4x)

GRESEK

Lady E

Berapa kali ku kata sudah lama ku cuba
Untuk keluar dari saarang yang gelap-gelita
Apa yang ku lihat hanyalah diri ku sendiri
Berdiri tanpa siapa-siapa di sisi

Tiada arah tiada tujuan
Hidupku sepi seperti tiada eriti
Terlilap langkah satu tika dahulu
Ia membawa padah dan bina pada diriku

Malah rintangan siksaan yang menimpa
Cukupku melemahkan semangatku untuk megorak langkah
Namun ku cuba sedaya upaya
Haruskah ku pertabankan diri untuk salami hidup ini?

Perkataan ku jelas beralas
Ku takkan berdiam diri hidupku bukan pemalas
Hidup ini bukan khayalan ibasi
Tetapi hanya satu realiti!

Daly Ahli Fiqir

Puas sudah ku teliti situasi mencari makna dan eriti
Dari zaman bahri terus ke dunia globalisasi
Masa yang begitu pantas beredar tanpa kita sedari
Kita yang asyik di lamun mimpi

Angan-angan swan yang tinggi mampu dicapai dengan rangan
Yang dikejar tak dapat yang di gendong bercipiran
Mendengar guruh di langit air tempayan di curahkan
Keluarnya dari kepongpong kita pecah tempurung

Sudah lama hidup terkurung
Bijak langkah digerak jangan tersagak-agak
Menarik rambut di dalam tepung rambut jangan putus
Tepung jangan berserak

Jangan agak lebih dari agih
Hendak seribu daya tidak mahu seribu dalih
Tunduk pasti berisi menunduk bukan lemah
Mengalah bukan bererti kalah!

Moo-Z Kaleidoscopicality

Ada duni ada cerita

Si penglipur lara habis sudah betahnya

Dari fantasi mitos dan mistik

Berjauh sudah tak nampak fantastik

Kau ragu kesahihan kontaknya (bung!)

Kau sangsiakan wujudnya kesesimbang (dubl)

Jalur realiti sinis persis sintesis

Irama bergema segar-bugar pecah kepala

"It's about time!!" terpaksa ku belari

Dari satu arah dari satu masa tak sedar diri

Jauh ku belari aku ditindih kabus hitam

Pekat kau tersepiat aku melekat

Apa sahaja yang ada pada janji

Segalanya terulat dalam hati

Tiada apa yang perlukan bukti

Hanya ada satu pintu yang terkunci

Alt Da Force

Sendiri menyendiri siapa yang harus disalahkan?

Memangsa tiada erti tanpa perubahan

Tak tahu bertanya kalau tak mahu salah tujuan

Jangan takut buat salah itu ciri kemanusiaan

Mungkin satu hari nanti akan terjadi

Sebuah mimpi impian menjadi realiti

Yang penting kita harus ada keyakinan

Beryukur bertawakal pemberian Tuhan

CHORUS

Jangan ketinggalan maju ke hadapan

Hidup ini biar jangan pessimistik

Jejaring bersingkirkan imaginasi

Fantasi versus realiti!

KEMBALI

Setiap kali aku terbayang wajahmu
Teringatku kembali waktu kisah silam
Di mana kita berjumpa buat pertama kali
Dan cinta kita kian bersemi
Setelah hadirnya orang ketiga
Semua janjimu hanya manis di bibir sahaja
Andai nyo kau benar menyintai diriku
Apa jua rintingan pasti kau endahkan

Lihatlah pandanglah.. hanyalah kau di mataku
Lafaskan katakan.. aku merindui...mu
Mana kau? Ku di sini.. Ku mahu kau di sisiku
Hadirlah sayangkanku kau lah kunci pintu hatiku

Aku bukanlah boneka semata-mata
Simpan bila sayang buang bila benci
Apa yang ku inginkan hanyalah penjelasan
Janji yang pernah kau lafaskan dahulu
Amat indah sekali mengenang kisah lalu
Yang pernah terpendam masa dahulu
Takkan ku hiraukan semua itu lagi
Yang pasti ianya suatu memori

Lihatlah pandanglah.. hanyalah kau di mataku
Lafaskan katakan.. aku merindui...mu
Mana kau? Ku di sini.. Ku mahu kau di sisiku
Hadirlah sayangkanku kau lah kunci pintu hatiku
