We wish to thank all those who had faith in us when our own was fading away

To our parents who nipped us through some of our worst times and made us stronger
for it, to Justin for always being supportive and to Sunika -- when are you missing
your mother of Careless Whisper?

To our friends (yes, we do have some), for keeping our spirits up and helping us push
the shit up!

To Yellow Box -- Terence, Vikram, Clark, Leslie & Angie. You guys saved our skins on
more than one occasion. What can we say? We love you guys (but not in that sick,
perverse way that turns Clark on)

To Show, for going beyond the call of duty and helping us promote the soundtrack
(especially Rudy, Terence & Sui Ling). And to the movie's investors - Singapore Film
Commission, Nexus Med Ltd & IM Tay, for... well, giving us money. :)

To BMG, for believing in local music and picking up the album.

To Samuel Seow, for his sarcasm, jokes, banter, insults, mockery, put downs and great
legal mind.

To Yoh, for pretty much everything. Your designs, your branding, your willingness to
dance for our music video... Prakash, Kelveen, JJ, you guys are psychotic, creative
geniuses.

To Music & Movement (Jack & Waheedah), Tim, Sarah Thomas, Dulcie Sofi, Grant,
Phua Yeh, Vivik Ranganathan, Phil Stephy Phil Samardis and the Richmonds, for their
assistance and support.

And saving the best for the last. (How you to all the Singaporean and Australian bands,
without whom, this soundtrack would have been 66 minutes dead air.

THROB (especially Dharmic: "All It All About The Music") - You guys make great music,
don't let the unappreciative industry get you down.

DON RICHMOND / SKROODOSE - Your music is as diverse and unpredictable as you
are, don't forget us when you... make it big!

B.A.D.A.S.S - The name says it all. And Evan, you should have your own sitcom.

THE OBSERVATORY - Your unique sounds elevated what could've been cheesy scenes
into vivid and touching moments in the film. And hey, let us know when and where
and we'll kick BF's ass together!

SHERY HAKEI - You are the most irrelevant person we've ever met. You are like a
brother to us... a soul brother. Keep that afro dry!

DECOUPE - Nick and Jeremy, your kick ass tunes were perfect for this movie. Hope
to catch you on the beaches of Bondi. We'll bring the beer.

THE FERGUSONS - You didn't have to give us your music, but you did. Thank you,
thank you, thank you.

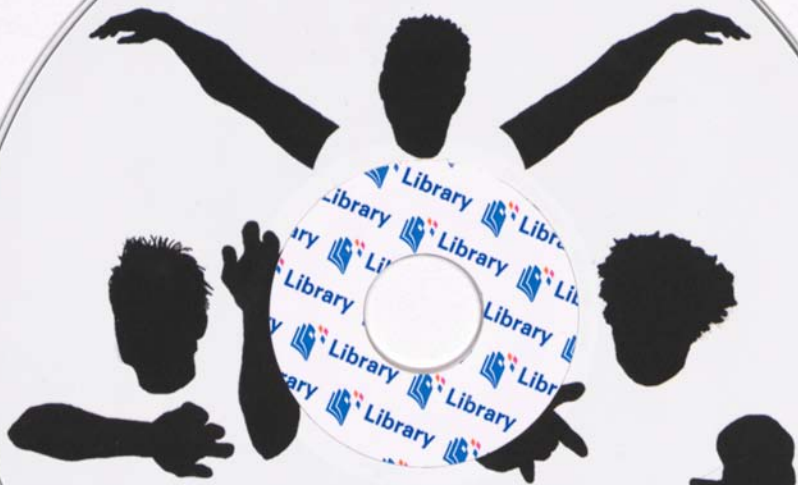

CONCAVE SCREAM - A mix of great talent and even greater personalities.
(PS. Peace, when are we watching "Reefers" together?)

And finally, to all of you out there who don't support local music
YOU DON'T KNOW WHAT YOU'RE MISSING
