### SAY YOU LOVE ME (loving you)

Don't you know that I want to be more than just a friend | Holding hands is fine, but I've got better things | On my mind | You know it could happen | If you'd only see me in a different light | If you'd only say you love me, baby | You would see that I was right

**Chorus** | Say you love me | You know that it could be nice | If you'd only say you love me | Don't treat me like I was ice | Please love me | I'll be yours and you'll be mine | Baby when we finally get together | Things will really work out fine

La la la la etc.

**Repeat** | Loving you is easy 'cos you're beautiful | Making love to you is all I wanna do

La la la la etc.

**Repeat chorus**

### LOVE IS BLUE

Blue, blue, my world is blue | Blue is my world now I'm without you | Grey, grey, my life is grey | Cold is my heart since you went away

Red, red, my eyes are red | Crying for you alone in my bed | Green, green, my jealous heart | I doubted you and now we're apart

**Chorus** | When we met how the bright sun shone | Then love died, now the rainbow is gone

**Dick** | Remember, together | We'd stay in love forever | You promised to stand by me, now | I don't believe you will ever | Do all the things that you said you'd do | Now the sun in the sky is an ember | Your love's untrue and my love is blue

Black, black, the nights I've known | Longing for you so lost and alone | Blue, blue, my world is blue | Blue is my world now I'm without you

**Rap**

**Blue**, a melancholy hue | The colour of the sky and of some suede shoe | The colour of my spirit when I'm far away from you | If my life would be a colour, then that colour would be **Blue**

**Red**, my colour when I'm mad | When my blood in a flood flows directly to my head | Turning everything the colour of the sky at sunset | 'Cos you've gone away from me and made me feel so bad | So sad

**Repeat chorus**

**Dick** | Remember, together | We'd stay in love forever | You promised to stand by me, now | I don't believe you will ever | Do all the things that you said you'd do | Now the sun in the sky is an ember | Your love's untrue and my love is **Blue**

**Green**, I'll tell you what it means | It's the colour of your pallor when you're being mean | It's the dark part of the heart of the Wicked Queen | Ask the mirror on the wall and it will say you're looking **Green**

**Black**, the colour of attack | The colour of my triumph when I get my own back | The opposite of White, the soul redeeming light | The colour I might be if I could make it all right... | Well, I might

### PRISONER OF LOVE (shoo be doo)

The taxi's waiting at the door | And he honks for the second time | While I am slowly going out of my mind | I start descending seven floors | The seven floors that I will later climb | While cursing at how love has made me blind | This blindness that packs my bags for me, and | Throws me in a rage | That pushes me out, then back in the cage. | The cage of love you built me

**Chorus** | I'm your Prisoner of Love | Oh yes - that's me | Your love prisoner who won't break free | Shoo be doo be doo be doo wah | Shoo be doo be doo | Shoo be doo be doo be doo wah | Doo be doo wah

Don't ever ask me to explain | Heaven knows how I've tried and tried | So now I've simply given up, and in | Don't even think I'm feeling pain | Although, believe me | I have cried and cried | I swear that Love can be a Deadly Sin! | So wonderful I keep hanging on though | I'll end up a ruin | So good that I don't quite know what I'm doing | So, someone send an answer

**Repeat chorus**

I know that I have the liberty to | Walk out if I want | But each time I try to | simply can't | Oh, someone send an answer | Or here I'll stay forever | Happy never after...

**Repeat chorus**

### TROPICALICA

The sound of drums begins to hum | And in the Tiki Room a ukelele strums | It's where I've been in some old dream | 'Cos I recall the voodoo doll, the bamboo screen | You know I've never been a believer | But island rhythms have cast their spell | And now it seems I've caught jungle fever | The kind from which I'll never get well

**Chorus** | Burning inside | Hot as the night | Flames of desire engulfing my trance | Crimson moonlight | You by my side | Locked in the dangerous grip of Love's Dance | Cure me of this Tropicalica | Tropicalica of the heart | Save me from this Tropicalica | Tropicalica in my heart

You came to me -- I wasn't free | But still you said what's meant to be is meant to be | Could I resist your evil kiss? | Or should I blame it on Love Potion Number Three? | Then some hypnotic beat of the conga | Entices me too break all the laws | I cannot hold it back any longer | Oh, sweet surrender, take me, I'm yours!

**Repeat chorus**

### TRAVELATOR

Looking at my life in search of some reflection | Nothing seems to mirror the way that I'm feeling | Working out the problem, I alter my direction | And stray | From the grey | Straight into a technicolour section | From "Stay" into "Going away"

**Chorus** | On a Travelator going nowhere | On a trip to get a change of air | I hope to clear my mind | Who knows what I might find | Out there | I'm getting somewhere | Somewhere, nowhere

La la la etc.

Panorama starts unfolding right before me | Scenery improving the further I travel | Skies are crystal clear when once they were so stormy | But now | Not a cloud! | Don't know what the future's holding for me | Just want to be shouting out loud

**Repeat chorus**

La la la etc.

On a Travelator going nowhere | Somewhere | Nowhere | On a Travelator going nowhere | Somewhere | Nowhere

**Repeat chorus**

La la la etc.

### FLY

Two at a table with no words to say | Pretending to feel a love that's gone away | Nobody wants to make a move, no one's that brave

But there's one little place where I'd rather be | Somewhere far from this heart that possesses me

**Chorus** | If I could I'd fly | Far from this love | That's somehow never enough | Fly from having to lie | And finding out why | I'm not in love

Two at the turning point of "Go or Stay" | Attempting to turn around and walk away | Letting two lives go on from here, or go to waste

But then thoughts of the past start reminding me | Of when we once believed in eternity

**Repeat chorus**

**Music break**

I wish I could fly | Far from this love | That's somehow never enough | Fly from having to lie | And telling you why | I'm not in love

**Repeat chorus**
