Warmest thanks to Myx Studios for sponsoring the recording of *Camra* and *Crack Healer*. Gratefulness to Opuz, where all tracks were mastered by G. Turbo and assisted by Aj Ling. Not forgetting of course, the folks from Cavetech Media - Greg Tan, Kevin Lim and Lin Sihui plus Little for help on graphics and Quentin Joseph for programming or integration. We also wish to thank our kind sponsors Levi's and Warner-Chappell for their strong belief and support.
