Dana

Verse 1

Puts her make-up on thick
Done to hide that she is
Gregory's little girl
Pulls a sweater over her
Opens the front door
of her sixth avenue home
Doesn't look back or around
her to find
Who knows or cares about
her at all
Just keeps on moving till she
hits the jag

Chorus

Does anybody know
What Dana wants
Does anybody know
What Dana needs
Does anybody know
What Dana feels
Does anybody care
What Dana does

Verse 2

Coming home in the morning
Takes a cold shower

And unveils all her cash
Smiles as she counts profit
Lights a cigarette to
To calm her tired nerves
Hasn't seen much of her parents these days
Isn't asked where she has been through the
night
Stays in her room and hears them leave
together

Dana

Look around you
Look around you

Back to:

Hasn't seen much of her parents these days
Isn't asked where she has been through the
night
Stays in her room and hears them leave
together

Does anybody know
What Dana feels
Does anybody care
What Dana does

Dorian Bay

Introduction

Six years have gone
There are changes
Your hair your clothes
Your shoes Me
But there is still

Chorus

Something 'bout the way you move
Dorian Bay
Tells me that some thins just never
change

You and me we have history
And I don't want it to repeat itself
Something 'bout the way you move
Dorian Bay
Tells me that some things just never
change
All your sauve and your two-cent flirting
They're what got me in to trouble
The first time

Verse

A naive heart
That's what I was
But you moving steps ahead
So when I fell

Into your arms
You held me there
With merely words
You built my hopes
Beyond my reach
And kept me wanting
Wanting more
So now I see
That I have changed
But you have not
Your hair shoes and clothes
They don't count

Chorus 2xs

Keep It Real

Verse 1

Look through my heart
I see you staring back at me
Ask what you're thinking about
But you hold a lid on it

Chorus

You and me
Gotta Keep
Keep it real
If you want
To let it last
Far longer
Stretching on
Beyond the past
Shout it out
Let me hear you
So I know
What you feel
Talk to me
Show me in
Keep it going
Keep it going
Keep it real

Verse 2

Your rhythm sets me off

To dance only to your tune
Besides my questions
Don't you have something for me to clear

Chorus

Bridge

Now don't you say
That I don't talk to you
And don't you claim
That I don't understand

Chorus 2xs

Trying

Verse 1

The blow in my face
Could've crippled any heart
I kept going on
Standing up to my fears
I shook the ground with
My dreams pushing high
Only to have them
Reduced to tears

Chorus

I'm trying
To make it through the night
I'm trying
To clear my blurring sight
And come into the light

Verse 2

Many times before
I've crept past the pain
But soon came to know
It grew as I grew
Trying to dismiss
The truth would've have made me
Unsure about the journey
And its cause

Chorus

Bridge

It's always about
The bad doing good
The long lonely wait
Shows there is no way
A positive thought
Can't move a negative feel
But still I'll go on

Chorus 2xs

I want out

Chorus

You and I both know
That this aint gonna work
I've had my back up against the wall
For too long baby
Can't live like this no more
Not knowing
How you'll return spending a night
out with your friends

Verse 1

I want out
Don't hold me back
This is the final time
You've laid your hand on me

Verse 2

I need out
Can't deal with you
Got my own life
Got my own dreams
Got to go

Chorus

Verse 3

Give me a break honey

I'm leaving

I'm leaving

I'm leaving you

I want out

I need out
