NAME PSYKELECTICZ

PROFILE Psykelecticz is a musical adventure that strays quite a bit from the urban music mould typical to Singapore rap performers. Fronted by three friends who were schoolmates and still neighbours.

NAME SRI SULASTRI

PROFILE Words are my choice of expression. Songs are my pick of anti-narcissism. Music is my escapism.

NAME ZUL

PROFILE I love music, especially performing & arrangements. I play guitars, keyboards & drums. I love recording my ideas and expressions on my PC, most times for my own listening pleasure. I would like to gain exposure through "Noise" and get a reality check on my creations.
