

## THE SINGAPORE ARTILLERY SONGS

The Singapore Artillery Songs are distinguished from other songs by the fact that they have been specially composed for Gunners. As such, they promise to instill in Gunners a more distinct sense of identity beyond that of belonging to the SAF as a whole. The Singapore Artillery Songs are valuable and unique contributions to the proud heritage of the Singapore Artillery. It is our sincere hope that, in time to come, these songs will evoke a sense of pride and identity among all Gunners whenever and wherever they are sung or heard.

ARTY SONG I - WE ARE GUNNERS

We are Gunners, we are Men of Steel,  
Able to take pain with a relentless will.  
On the enemy we shall use our skills of  
gunnery  
To crush them with our mighty weaponry.

The King of Battlefield we are called,  
A mighty force that can never be stalled.  
We shall always unite in mind and body  
To completely destroy our enemy.

ARTY SONG II- TOP GUN OF THE SAF

From the time we began many years ago  
We have endured to stand victorious  
A model of excellence we have become  
Tempered by trials through the years  
We are the TOP GUN of the SAF  
The King of the Battlefield

May our Arty grow from year to year  
Advancing into new frontiers  
Gunnars unite with one mind and spirit  
To defend our land

We, the Gunners, are Men of Steel,  
Able to take pain with a relentless will  
Others, the enemy may crush easily  
But not the might of the Artillery  
We are the TOP GUN of the SAF  
The King of the Battlefield

May our Arty grow from year to year  
Advancing into new frontiers  
Gunnars unite with one mind and spirit  
To defend our land  
Gunnars unite with one mind and spirit  
To defend our land
