listen

you gave me a dream

run to me

wake up!

too bad, too late

someday

set me free

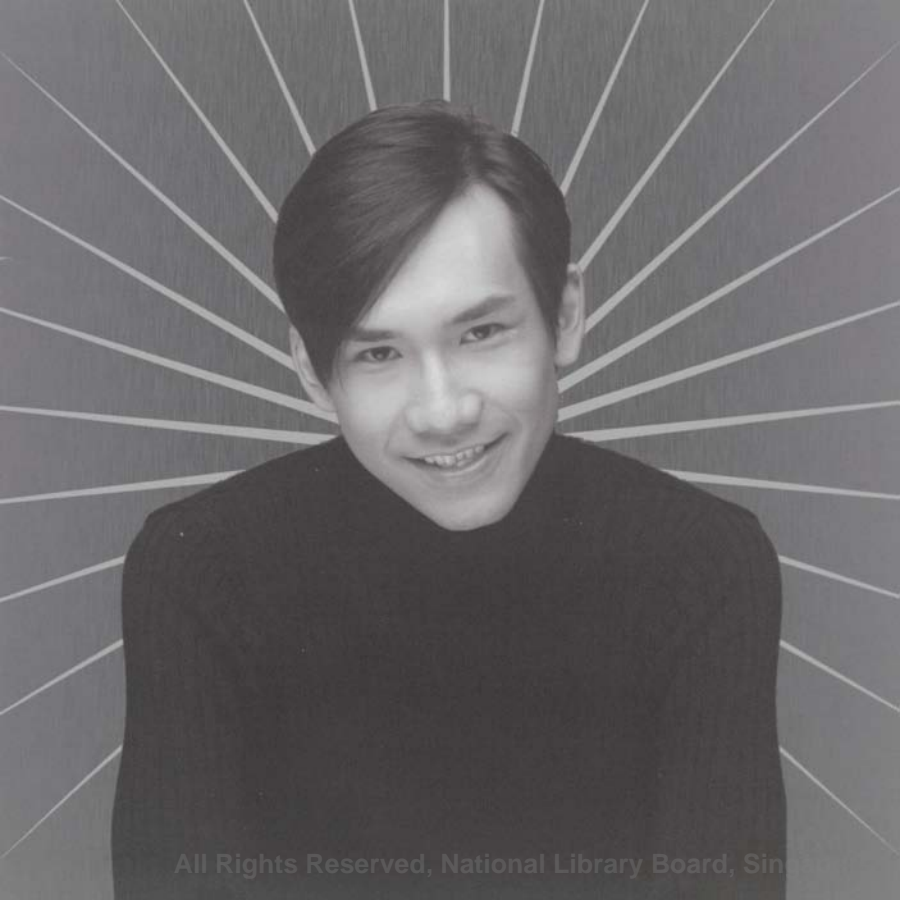

my angel

when i'm alone

change the world

heavensent

can you hear me?

*you gave me a dream*

for so long,  
i've been wondering  
where my life is going  
sometimes, it feels like  
nowhere at all

for so long,  
i've been trying  
trying to make  
my heart sing  
sometimes, it feels  
so far away

in my darkest hour  
you came to me  
you set me free  
you gave me something  
only angels give

you gave me a dream  
you made my heart sing  
you turned my life around  
before I hit the ground

you're an angel from above  
sent down on wings of love  
now my life can begin  
cause' you gave me a dream

everyday,  
i'm asking  
why can't the sun  
keep shining  
sometimes, i feel  
so all alone

everyday,  
i'm wishing  
that i can hear  
my heart sing  
sometimes, i wish that  
someone's here

*run to me*

i see your face;  
i call to you  
you turned around;  
you saw me too  
i see the tears  
that's in your eyes  
did someone break  
your heart with lies?  
leaving you all alone...

they say love  
is just a game  
that you play  
to past the time  
and that loneliness'  
the only thing  
that you're gonna find  
now the game is over  
he's gone and  
left you behind

run to me baby  
i can be the  
one to love you  
when the game is over  
i'll be there beside you  
to hold you close  
and to kiss your  
tears all away

run to me baby  
i'm not here to  
play the game  
all my love for you  
will always stay the same  
no matter what  
no matter where you go  
my love you'll know

## *wake up!*

i can't explain  
what's happening to me  
feels like i'm falling into  
the deep blue sea  
too much of who  
i wanna be is  
calling out to be free

but the sun  
keeps on shining  
and the rain  
keeps on falling  
i gotta keep on walking  
cause' nothing  
stops for no one...

wake up!  
look around  
the world is still turning  
even though  
it's upside down

wake up!  
turn around  
cause' life is  
just too short  
to be sitting,  
sitting around

i don't know  
what i'm feeling inside  
no one's with me  
on this rollercoaster ride  
no one heard me,  
even when i cried  
how i wish i could  
curl up and die

i don't care  
about yesterday  
forget the crap  
that people said  
all i know is what i feel  
and that is something  
i know is for real

## *too bad, too late*

what do you  
expect me to say?  
nothing makes sense  
anymore

you keep holding  
onto the past  
today's slipping away  
so fast

you don't care  
about tomorrow  
you don't give  
a damn anymore  
you let him hurt you  
once too deep  
the pain has put your  
heart to sleep

there is a  
brand new competition  
one that i can  
never win

do you know  
you are my prize?  
but then you'll  
never realise

and i've said...  
and i've prayed  
and i've cried...  
and i've tried  
it's too bad;  
it's too late  
it's too bad;  
it's too late

it is in the  
**quiet**  
of the night  
when all the world is  
**asleep**  
that i can close my  
eyes and...

*listen*

## *someday*

someday...  
i'll find the words to say  
to tell you how much  
you mean to me  
how the two of us  
are meant to be

someday...  
i'm gonna find a way  
to keep you right next to me  
right next to me  
you're the only one  
i want to see

someday...  
you'll come to me  
when i pray  
i'm waiting... i'm waiting

i can only see you  
in my dreams  
i can only feel you  
when the world is asleep  
when the night is cold

someday,  
i hope i'll wake to find  
that you've left  
your world behind  
come out of my dreams  
and into my life

## *set me free*

you held me captive  
when you looked at me  
you do't know all the  
change that took over me

i hear your voice calling out to me  
reminding me of the love  
that happened between  
you and me

i thought that love was  
something that's gonna set me free  
but now i know that that ain't true  
all it did was chain me to you

set me free; set me free  
set me free; from this  
pain and misery  
that your love has  
brought on me

set me free; set me free  
set me free; i'd rather die  
than to have this  
love forced down on me  
set me free

every time i close my eyes  
i see your face  
but the love i used to see  
has gone away

i gave you everything  
that i could give  
you've taken everything and  
now you want my will to live

## *my angel*

\* an angel is light  
an angel can fly  
an angel can talk  
an angel has a  
diamond circle on his head  
an angel goes to sleep \*

i remember your face  
as clear as if it was yesterday  
i can still see your smile  
on your wedding day

you believed in your love  
even thought it didn't  
come back to you  
you tried to hold on  
but your feelings show

i can't bear to watch  
my angel cry  
the rain couldn't hide  
the tears in your eyes  
i can't bear to watch  
my angel cry  
but there's nothing  
i can do  
cause' my angel's  
someone's angel too

how i want to hold you  
tell you everything's fine  
it tears me apart  
to see you like this

and i ask myself  
"has he been hitting you again?"  
he doesn't deserve you  
yet you love him still

## *when i'm alone*

when i'm alone  
the skies are gray  
and everyone i know  
is just a memory

when i'm awake,  
the city sleeps  
and all i have to love  
is left upon a dream

for all i know is true  
is what i feel for you  
the seasons come and go  
but your love,  
i'll never know

when all i have  
i give to you  
but you're not there  
to give  
my loneliness remains

when everyday  
that passes by  
just brings me  
closer  
yet brings me  
further  
my love grows  
stronger  
when i think of you...  
when i'm all alone

## *change the world*

i never thought  
very much of myself  
always thought  
i was like  
everybody else  
didn't think i could do  
very much  
although i wished i could  
i guess i didn't believe  
that i could

but you saw inside of me  
and what you said  
made me see

and you said...  
i could change the world  
touch the lives of  
every boy and girl  
if i just believed in me  
cause' the strength i need's  
inside of me

and i...  
want to change the world  
touch the lives of  
every boy and girl  
so i believed in me  
cause' the words you said  
they set me free

now i know i don't have to  
watch life pass me by  
cause' the gift you gave me  
gave me wings to fly

## *heavensent*

i took a seat down  
by the bench  
you looked so pretty  
as you dance

you turned around  
you looked around  
i can't believe  
it's me you found  
am i the one you're  
looking for?

you took my hand and  
swept me away  
i looked into  
your eyes and said

"i have been waiting all my life;  
i have been dreaming every night  
that it's gonna happen to me"

to me it's like a miracle  
to me it's like a fairy tale

no more will i be lonely  
no more an empty house  
you fill my life with love  
with joy and happiness

no more my being alone  
no more my waiting by the phone  
you made my life complete  
you gave me everything  
oh girl, you're a heavensent

to me it's like a miracle  
to me it's like a fairy tale  
to me it's eternity  
to me it's like being free

## *last thoughts:*

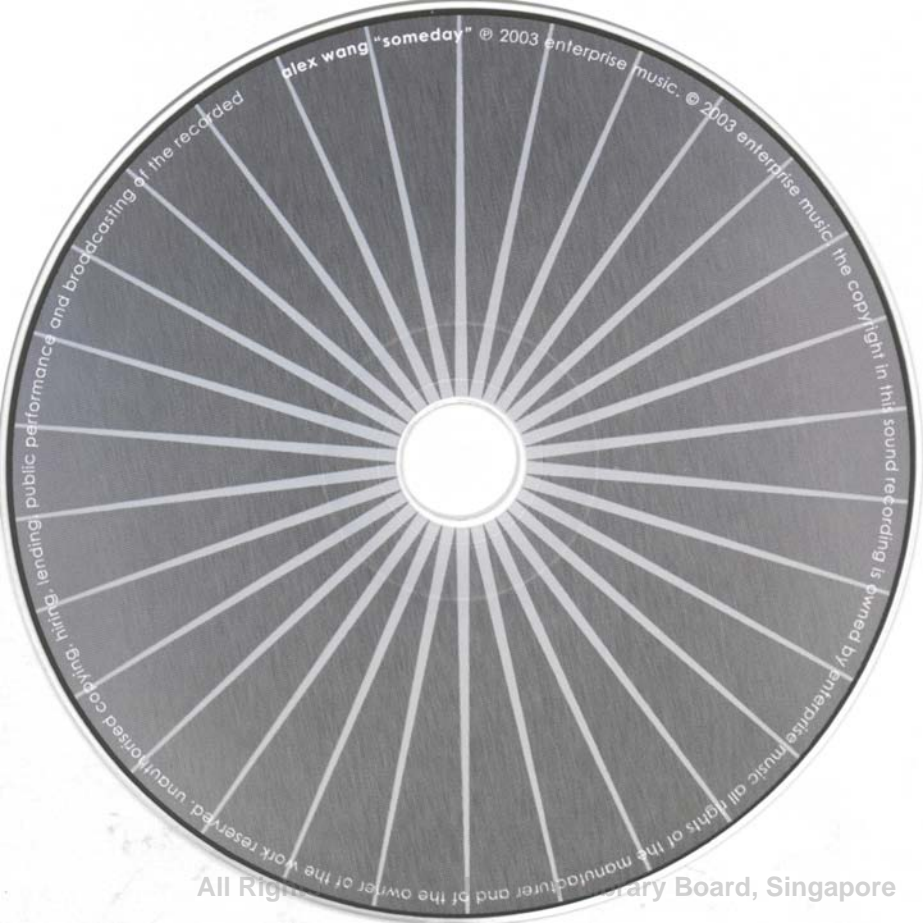

... and there is still so much to say! it seems like yesterday,  
when i was writing the songs for "someday", and now,  
i'm at the end...

but the journey is far from over...

thank you all for believing... love, a.w.
