COLORS (OF SINGAPORE)

I serenade you, my sparkling island in the sun
Romantic garden in full bloom
You have my heart, my song
the strings of my guitar
I sing to Singapore
Of golden laughter shared on your shores
That confirms that I've looked into your heart

If you should ever want to go
Where the sea sings a peaceful song
Then you've to land in Singapore
It's one of its very own kind
Because only there can the lion of Singapore roar
I sing to Singapore
Of golden laughter shared on your shores
That confirms that I've looked into your heart

In Singapore, a rainbow of love surrounds the isle
Because on its shores, colour matters not
In Singapore, the family is a national emblem
So that sun up or sun down
In your coming and going
Kinship and love wraps around you
In Singapore, a rainbow of love surrounds the isle
Because on its shores, colour matters not

In Singapore it's city where I can be me
To chase my dreams and celebrate my life
And find yet another home on earth
Singapore, you're no mere refuge in the sun
Only you could arouse in me with sweet stirring
The highest of my every aspirations

I serenade you, my sparkling island in the sun
Romantic garden in full bloom
You have my heart, my song
the strings of my guitar
I sing to Singapore
Of golden laughter shared on your shores
That confirms that I've looked into your heart

If you should ever want to go
Where the sea sings a peaceful song
Then you've to land in Singapore
It's one of its very own kind
Because only there can the lion of Singapore roar
I sing to Singapore
Of golden laughter shared on your shores
That confirms that I've looked into your heart

LAST CHORUS

I sing to Singapore
Of laughter shared on your shores
That confirms that I've looked into your heart
To those of you who live in Singapore
You are swinging on a rainbow of love

COLORES

Quiero cantarte a ti
bella isla del sol
romántico jardín hecho para vivir
con un amor, una canción y una guitarra
Para cantar, a Singapur
Para reír, en Singapur
Para brindar y compartir
Tu corazón.

Cuando tu quieras ir
A donde arrulla el mar
Tu tienes que venir a este lugar sin par,
Donde también ruga el león
De Singapur.

Singapur, Arcoiris de amor
Singapur, donde no importa el color
Singapur, emblema familiar
En donde día y noche
Puedes ir y venir
Rodeado de amistad

Singapur, Arcoiris de amor,
Singapur, donde no importa el color
Singapur, en donde puedo estar
Soliar y celebrar

Sintiéndome en mi hogar
Singapur refugio tropical
Que despertó feliz toda mi inspiración

Quiero cantarte a ti
bella isla del sol
romántico jardín hecho para vivir
con un amor, una canción y una guitarra
Para cantar, a Singapur
Para reír, en Singapur
Para brindar y compartir
Tu corazón.

Cuando tu quieras ir
A donde arrulla el mar
Tu tienes que venir a este lugar sin par,
Donde también ruga el león
De Singapur.

LAST CHORUS

Para cantar, a Singapur
Para reír, en Singapur
Para brindar y compartir
Tu vida en Singapur.
Arcoiris de amor.

For You Singapore!

Through the strings of my guitar, I hope to tickle and touch the hearts of Singaporeans. My desire is to express through my music, all the colour and richness that has exploded in my life from the experience of discovering the large spirit of this little spot on the globe called Singapore. The *joie de vivre* and generosity of its people as reflected in all its many precious traditions, cultures and musical styles is something which I've never encountered anywhere else in the world. For impacting my life so memorably, I dedicate this recording to the country of Singapore, its Prime Minister Mr Goh Chok Tong and to each and every Singaporean living at home and abroad.

I would like to thank Jimmy and Cat for their help with and commitment to making this recording come to be. To John Herbert, my gratitude for your utmost dedication to every detail, especially concerning the exemplary sound quality of this album. To Philip and Elizabeth Ong, mere words cannot express what I feel in my heart at your unwavering dedication to and unquestioning belief in my God-given talent and in me. Philip, you have always encouraged me to aim at only one spot, the very top - which you have always claimed is every Singaporean's goal - and I can only say it has made me feel that I have found more than a brother in you and a second home in Singapore.

Lastly I must give my thanks to my wife, my love and my life, Claudia Gisela. You alone know all that it has to mean to stand beside me as I chase my dreams and may I say that infinity could not contain all my gratitude at your unstinting love, support and sacrifice along the way.
