### One In Harmony (Racial Harmony)

We've long been loyal citizens  
Of our nation strong and free  
Different races, different religions  
We stand together as one family

Look ahead, our future's bright  
United, we stand hand in hand  
Let's be proud of our nation  
Where there's peace and stability forever more

*Chorus:*  
With one voice, we sing aloud  
Together, we can reach out  
One in neighbourly love  
We live in harmony

With one voice, we sing the melody  
Together, as one community  
Friendliness, feeling loved  
One in harmony

*Lyrics: S.B.Sebastian*

## *Foreword for the compact disc album*

*M*usic communicates. Very often it communicates beyond ethnic and culture. We often hear people appreciating other communities' music and songs, even though they do not understand each other's language

Cherished common values like love for the nation, national spirit, love for family, friends and spirit of helpfulness among neighbours, can be portrayed in songs. In a multi-racial society like Singapore, such songs if enjoyed by all can be means towards harmony.

Mr. Abdolah Lamat strives to express these values in the songs that he created and compiled in this CD, aptly named 'One in Harmony', and produced by Siglap South CC's Malay Activities Executive Committee. I am happy to note that the CD was sponsored by Siglap South CCMC, Joo Chiat CCC, Lee Foundation and many others.

May this CD be Joo Chiat community's own way of adding to the spirit of racial harmony and understanding for a multi racial Singapore.
