Matthew Quek and Dorcas Quek have been involved in music since young.

Matthew obtained Grade 8 (ABRSM) in piano and proceeded to pursue singing, obtaining grade 8 with distinction (ABRSM) and ATCL diploma (Trinity College, London). Dorcas Quek concentrated on playing the piano, obtaining LTCL and FTCL (Trinity College, London) at a young age.

Both siblings have been performing and composing songs together for the past few years. Matthew himself was runner-up in the ESSO Campus Discovery Competition in 2000 in NUS. He also won first prizes in the English solo categories in 2 nation-wide talentimes, Rhapsody 2001 and Impressario 2001.

Both Matthew and Dorcas released 2 CDs entitled "If I Loved You" and "Treasures of the Heart" in Dec 2001, receiving much encouraging comments and positive response from the public, including American vocal teachers. They were also interviewed and featured on PASSION 99.5 FM (Singapore Jam) and Radio Singapore International (2 programmes, Youth Beat and Singappo).

With the release of the second album on personal compositions, Matthew and Dorcas hope to communicate in music what have been dear to them over the years.

They also like to express their heartfelt and sincere thanks to the Lord Jesus, family, relatives and friends for their wonderful encouragement and support.
