Matthew has been singing in choirs since he was in secondary school. He later developed a keen interest in solo vocal production. After studying under various voice teachers, he passed his Grade 8 singing exam (ABRSM) with distinction. He also obtained the ATCL performance diploma in voice (Trinity College). Since then, he has been involved in solo performances and competitions. He was the runner-up in the ESSO Campus Discovery Competition 2000 in NUS. He also won first prizes in the English Solo categories in NTU Impressario 2001 and Rhapsody 2001 (both nation-wide talentimes). Matthew seeks to use the voice that has been graciously given to him for a lasting and meaningful purpose.

Dorcas has been musically inclined since young. After passing her Grade 8 piano exam (ABRSM), she continued to pursue her interest in piano. She has obtained LTCL performance diploma and FTCL (Trinity College). She is also teaching piano. She and Matthew have formed a music partnership over the years. Besides performing together, they are also involved in composing and arranging original songs.
