YOU ARE WATCHING
OVER ME

I want the world to know
I've found a friend in You
I wanna feel You close
Don't wanna let you go
Wanna be by Your side
Tough times I go through
I'm really glad to know that

Chorus
Wherever I go
Whatever I do
Whatever I say
This is true
You are watching over me
And I wanna be with You.
Wherever I go
Whatever I do
Whatever I say
This is true
You are watching over me today

All of the time
You are looking after me
And I'm really glad I've found
Someone always there to see

THIS PLACE CALLED HEAVEN

There's a place that I have found
Where there's no fear or pain
And no more sorrow
One who stands on higher ground
Has forgiven all my sins
And now I know

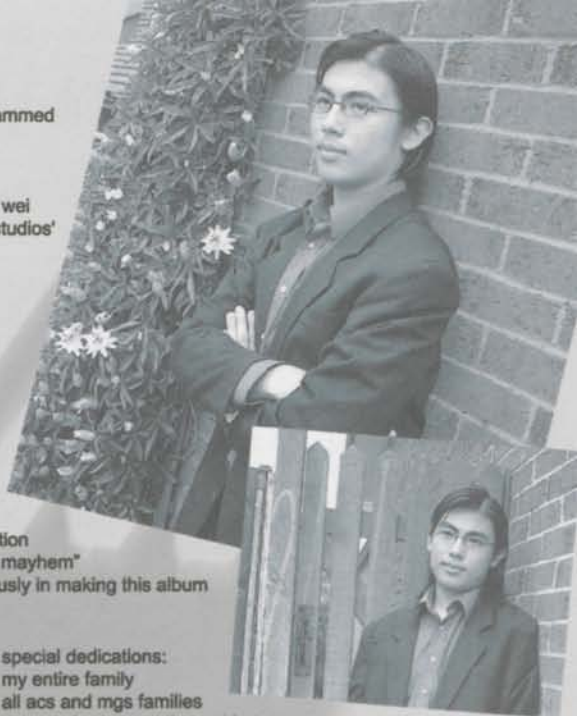

That someday I will go
To a place that He knows
And I'm happy to follow Him
You can come along too
If you trust and believe
That He is the King of Kings

Chorus
I'll go to this place called Heaven
I will meet my Saviour and in Heaven
Things will be alright
And if you go there you'll see
That the Lord will rule
Up in heaven
When I'm at this place called Heaven
I will dance and sing in Heaven
When I get there
And I will rejoice
When I'm at this place called Heaven

In recent years, I have fallen deeply in love with music and never looked back. To love what you do and feel that it matters; how could anything be more fun? I owe all my musical talent to someone however and that person is God. He has done countless miracles in my life since the day I was born. From singing atonally as a tone-deaf kid to writing 14 songs, performing in over 25 gigs and getting 3 offers for band membership just this past year, far exceeds my understanding of His everlasting love. It's extraordinarily profound for me to comprehend.

Anyway, as you listen to these songs, I hope you appreciate all the various styles of music that God has created for us to enjoy. Diverse styles ranging from jazz-inflected pop to blues-based rock. This CD caters to almost everyone's musical preference. You can listen to this CD anywhere. Whether it's in the car as your cruising down the street, in the mellow ambience of your living room, at a wild party on a Saturday night or in the tranquility of your personal study room. Whatever the case, each song has an individual purpose and all of them are written to fit your mood at a certain time. So what are you waiting for? Stop reading this and go on and enjoy yourself. Dance, sing or play along if you wanna. God loves you I do too. Keep on praising Him forever.

LOVE YALL
