REJUVENATION (C) 1986 WEA Music Pte. Ltd.

There comes a time when you review
What comes to mind is all that's, bad to you
You've let the grass grow under you
And so it's time to realize

* Rejuvenation, that's what you need
Stimulation, must get into a restoration

You've given all that you can give
And then you feel as though there's no more to achieve
You wonder how you'll see it through, Yeah!
And so I say to you

* Rejuvenation, that's what you need
Stimulation, must get into a restoration
Rejuvenation that's what you need
Invigoration, Life! That's all you emphasize!

When you try to stand clear really problems are so few
(Try to stand clear)
They take you down a peg or two but you're not
broken, are you?
(Take you down a peg)

MY GIRLFRIEND SMOKES

(Words & lyrics by **Joseph Chow**)
(Published by: Artist Management & Publishing Co/CASH)

I'm a modern guy and I play it smart
But she broke the mold, when she stole my heart
Though it's really love, there's also strain
And the reason's not hard to explain

My girlfriend SMOKE, my girlfriend SMOKE
My girlfriend smokes, and I don't

So many things that I'd like to say to her
Like "lady do you mind, I like the air that I breathe"
So many things that I'd like to do to her
The doctors say it's true but she just won't believe

My girlfriend SMOKE, my girlfriend SMOKE
My girlfriend smokes, and I don't

Taking up a trend which she thinks should be
It's so hard for me, still I play it cool
But what can I do 'cause she makes the rule

My girlfriend SMOKE, my girlfriend SMOKE
My girlfriend smokes, and I don't

So many places I'd like to go with her
But when we're on a plane they make us sit far apart
So many things that I'd like to show her
I say "beware your lungs" but she won't take it to heart

My girlfriend smokes (she's a menthol maniac)
My girlfriend smokes (she's a low-tar junkie)
My girlfriend smokes (she's a nicotine fiend)
And I don't

She's a modern girl by society
Now why should I chance her? Can kissing cause cancer?
Her three packs a day takes my breath away (repeat)

My girlfriend smokes, my girlfriend smokes
My girlfriend smokes, and I don't

FUNNY (C) 1986 WEA Music Pte. Ltd.

Funny, how things started between us
Just like playtime and games
You came, you saw, you conquered all of me
But then, things didn't turn out so right
Love became one big fight
You walked away, it's funny I could cry

Chorus

Will you remember me and will you smile
Perhaps you'll stop awhile and wonder where I am
And if someday, you find I'm always on your mind
I'll be right here with the love you left behind

All day, I'm alone by the phone
Hoping that you will call
There's nothing much to do, just thinking of you
If you should ever need me someday, I'm never far away
I miss you so, it's funny I could cry

(Repeat Chorus)

WE'RE OVER (C) 1986 WEA Music Pte. Ltd.

Love, we always dream would last forever
I never thought it'd be this way
Something has changed
We're now like strangers

I'm no longer the girl you loved before
My hopes have changed
Yet my feelings for you
will never die

Chorus:

Hanging on to dreams of yesterday
My heart is prompting me to stay
Will I have the strength to leave it
all behind?
Knowing that I need to break away
Time for us to go our way
We're over
As lovers but not friends

Who knows what the future holds for us
We should just part as friends today
Who can outlast this world of changes?

Don't give it all up so easily
We're worth the try
We gave it a shot and now we've through

JUST SAY YOU'LL LOVE ME

(TELL ME YOUR LIES) (C) 1986 WEA Music Pte. Ltd.

They say the lonely play with fire
Only the sad will understand
They say love ain't kind to know after all oh

I need the warm touch of your love
Don't need the cold thoughts in your mind
I need your love to get on by so

* Tell me your lies
That's all I ask of you

Chorus

Just say you'll love me, say that you'll care
Just say you'll love me, say you'll be there
You are the one, just tell me
Just say you'll love me, just for awhile
Just say you'll love me, don't say goodbye
You are the one, you make my life complete
So tell me your lies

You left me standing in the cold
You let me stay to play the fool
Still I need your love to get on by

Repeat * — Chorus

WE GOTTA GET OUT OF THIS PLACE

(Mann-Weil)
(Screen Gems-Columbia Mus)

In this dirty old part of the city
Where the sun refuse to shine
People tell me
There ain't no use in trying

Little boy you're so young and pretty
(but) There's one thing I know it's true
You're gonna die before your time is through

See my daddy in bed and dyin'
See his hair has turned to grey
He's been working and slaving
His life away
He's been working so hard
Every night and day
Every night and day
Yeah

We gotta get out of this place
If it's the last thing we ever do
We gotta get out of this place
Cos (you know) there's a better life
For me and you

ALL YOU'VE GOT

(C) 1986 WEA Music Pte. Ltd.

Out of a dream, I saw my fate
I knew that I could be
Been through the pain
I rose above the mark that
I had made

Sheer hope gave me the power to carry on
Heaven helped me along the way
I scaled heights that I never imagined
Took myself to the peak
Now there's no stopping me

Chorus:

There's a rainbow within you
A pot of gold you must find
Keep your eyes on the vision
Don't let it out of your sight
Keep on pushing the limit
Defy the odds and just throw in
all you've got

Just when you feel
You've nothing left
The giving's left you dry
That's when you need
To cast your hope and faith
To heart's desire

You can be who you want if you
Don't lose sight of your destiny

I scaled heights that I never imagined
Took myself to the peak
Now there's no stopping me

CHILDREN OF TIME (C) 1986 WEA Music Pte. Ltd.

Such sad little eyes
Hair that smells of sun
Hungry hearts and souls are on my mind

Somehow unreal
But what is there to do?
They're victims of circumstance
Victims of chance.

CHORUS:

Children of time, how I can see you now
Children of time, wish I can hold you now
You (We) are the children of time (the children of time)
On my mind, children of time

Reached out but can't
Tangible yet untouchable
Painful scenes of inhumanity

Somehow unreal
But what is there to do?
They're victims of circumstance
Victims of chance

BRIDGE:

These are the heroes
Time's true heroes

DO YOU BELIEVE (C) 1986 WEA Music Pte. Ltd.

All I hear are cries from the dark
Saying why was this meant to be
Seems this world's so unkind
Now, I find I don't need to know
What's on your mind

Seeking truth that others elude
Lies are a state of the mind
To the tears eyes go blind, Now I found
I don't need to know what's on your mind

* Seems we're always contemplating
Times are changing, rearranging
But if we call the tune
We'll see some changes soon

Chorus

Do you believe, I believe in love x 2
Do you believe, I believe in you and me
Cause I believe in love, I believe in love

Time and again, sorrow and pain
Somehow they remain
Tender hearts bleed in time
Now I find, I don't need to know what's on your mind

Repeat * — Chorus

NOW THAT YOU'RE GONE (C) 1986 WEA Music Pte. Ltd.

Time after time
I still wonder why
We had a love so strong only yesterday
Now day, after day, I still long for you
I'm wishing you could stay
How can I go on this way

Chorus

Tell me where can I go without missing you
Tell me what can I do
To ease this pain, this emptiness
Or where can I find
A love like yours and mine
How can I live without your love
Without the warmth of your embrace
Now that you're gone

If I had my way, I'd bring back the past
When loving was so new, everything just seemed to last
I recall our dreams
Moments when you cared
How could we come this far
And let go of what we shared

(Repeat chorus)
