Lyricist : Famie Suliman

Will you wait for me awhile I should be there.
U can make those funny faces I don't care.
Oh you dingle dingle lang, don't make these end

We are running all around with one free mind
Crossing grass and woods around, It's all good vibes.
Oh you dingle dingle lang don't make these end

Sunshine
Sunshine
Please give me back my life with my sunshine

Will you wait for me awhile I should be there.
U can make those funny faces I don't care.
Oh you dingle dingle lang don't make these end.

Oh maybe one can see the fault here
Can we go on or make a stop
Still I feel happy when I'm with you
Cos I know your my something
you are my sunshine

Will you wait for me awhile I should be there.
U can make those funny faces I don't care.
Oh you dingle dingle lang, don't make these end

Sunshine
Sunshine
Please give me back my life with my sunshine

Will you wait for me awhile I should be there.
Oh you dingle dingle lang, don't make these end
Sunshine
