

**Title : Thank You**

**Composer :**

**Lyricist :**

We began our music years  
As schoolboys in a band  
We played our music just for thrills  
In halls throughout the land.

We found opportunity  
To play our songs on the radio  
And with luck eventually  
On a weekly TV Show

A big break came our way one day  
When our record called "Shanty"  
Went to No. 1 on music charts  
Makin' music history

'Twas the start of  
better things to come  
Here at home and overseas  
The support you gave  
dear loyal friends  
Made the dreams realities

Thank you Lord for  
what you've done  
It was fun for everyone  
Thank you all for memories  
We recall great growin' years

Just for good times way back then  
We unite to play again  
The melodies you've heard before  
And some more
