## LONE WOLF

**BY KRANJI  
SECONDARY SCHOOL**

*They had turned upon him, left him in the cold  
Broken soul and ripped up heart, buried in the snow  
Whitewashed, feelings burning, in his head he turned  
them in  
How much love had hurt him, no one else would know*

*But he got better and better, tried to go further and  
further, to defend, on his own  
He got stronger and stronger, lit up the fire the fire, on his  
strength, alone*

*Running in the middle of the night, no sleep  
All alone he's powerful  
On his own, invincible  
Fighting day and night just for his life, wild beast  
All alone he's powerful  
On his own, invincible*

*Prowling through the forest, dark like haunted breeze  
Torn apart like fabric, brought down to his knees  
Tried to put him in his place, but he broke the chains they  
tied him in  
Pray that they regret it, what they did to him*

*Well he got better and better, tried to go further and  
further, to defend, on his own  
He got stronger and stronger, lit up the fire the fire, on his  
strength, alone*

*Running in the middle of the night, no sleep  
All alone he's powerful  
On his own, invincible  
Fighting day and night just for his life, wild beast  
All alone he's powerful  
On his own, invincible*

*Invincible  
Invincible*

*Running in the middle of the night, no sleep  
All alone he's powerful  
On his own, invincible  
Fighting day and night just for his life, wild beast  
All alone he's powerful  
On his own, invincible*
