

Title : Look At Me

Composer : Dick Lee

Lyricist : Dick Lee

IVY

I walk along the streets
Wondering who I'll meet
Watching the lonely people
go slowly by, sadly by
But somewhere inside the sadness
There must be someone who wants to be free,
Someone like me
who wants to be somebody new

Look at me, look at me
Tell me who do you see?
Is it someone you know?
Is this someone as strange
as can be?

IVY, ROSIE, DAISY & LILY

Look at me, look at me
Can you please set me free
From this someone that I was
Into someone I'd much rather be

ROSIE, DAISY & LILY

Look at me

IVY

Look at me
I've journeyed to a place
Looking for truth to face
Searching for answers,
finding more questions Than
I care to hear
But people just look right through me
Like I just don't exist
Sometimes I fear
If I wasn't here
Would I ever really be missed?

IVY, ROSIE, DAISY & LILY

Look at me, look at me
Tell me who do you see?
Is it someone you know?
Is this someone as strange as can be?
Look at me, look at me
Can you please set me free
From this someone that I was
Into someone I'd much rather be
Look at me
Look at me.
