

YOUTH STATION

WE ARE THE YOUTH

BY FAIRFIELD METHODIST
SCHOOL (PRIMARY)

*Sparrows on a wire
Singing songs of desire
Great dreams that inspires
My passion on fire*

*Grass grows, the trees dance
Wind blows, the birds sing
Time pass, waving goodbye
To you and to me.*

*We will stand together
We will love each other
We will sing together
In one harmony*

*We are the youth
We are the future
We are the youth
We will grow and love this city
We are the youth
We are the future
Cherish we will, Singapore, our garden city.*

*Music from a choir
Lifting hearts up higher
Notes and words conspire
To help me aspire*

*Colours, across the sky
Lines and Patterns, in disguise
Dance along, you and I
To achieve greater heights*

*We will stand together
We will love each other
We will sing together
In one harmony*

*We are the youth
We are the future
We are the youth
We will grow and love this city
We are the youth
We are the future
Cherish we will, Singapore, our garden city.*
