

**Title : Better World**

**Composer : Bani Farook**

**Lyricist : Babes Conde**

Travelling down the freeway  
You wanna fly high  
Hearing that motor running  
Brother, you hit the road

Hold on. just think one minute  
C'mon don't be hasty  
Think about the guys next to you  
Remember, you're not alone

All the things that you hear about in the news  
Oh yeah  
It's reality hitting right back  
What a shame yeah

\* It's time, it's time that we know  
Join in, together we'll make a better world  
Safer for the young and the old

\*\* Beware, be careful, be smart  
Join in, together we'll make a better world  
Better world, for you and me

People have fallen prey to  
Too careless drivers  
Why can't they be more caring  
Thinking like they own the road

No need to be so reckless  
And let's not get hasty  
Danger's round the corner  
If you just don't care

All the hustle and bustle of the crowd  
Gets you down  
Oh yeah  
There's no reason to push or  
To chase all around, yeah

**Repeat\***

Give way when crossing the street  
Give way to people, disabled or the weak  
Or whoever's passing along

**Repeat\* and \*\***
