

Title : RC Song

Composer : Abdolah Lamat

Lyricist : Manjit Singh

No matter where all of us are from
Now we're all as one
Living in harmony and unity
To achieve prosperity

We have a clean and warm place to live in
With caring and sharing
We are grateful to the RC
For this identity

Working hard with confident
Serve the needs residents
All their will and might
Both day and night

Chorus:

Now with the RC we are one
Living in a place where
We are all having fun
Working together as a team
For the young , old and the teen

Yes, through the RC we make friends
Where they help us make our
problems come to end
To this estate we all belong
We will be forever strong

Yes, with the RC there's a role
We set our plan to
Meet all our nation's goals
Our hearts are filled with joy and pride
RCs make our future bright
