**Mr. Cheeks rap**

First time I saw her oh well I didn't like her  
She had an attitude and I kept my distance from her  
This girl's got magic spells  
She's got that magic smell, oh hey. I said oh  
And this is how she was to me

**(Bridge)**

This girl will play with you  
She'll run her game on you  
She'll flip and turn on you  
You won't know what to do  
You'll think she's superfly, she's supadupa sly  
This girl will make you cry  
Truth is this girl's a lie

**Chorus**

That girl is dangerous  
Half of the men couldn't handle this  
Cheeky, cheeky, cheeky  
The girl is mighty sneaky  
I'm beggin you believe me  
I thought I was a player but she played me  
Cheeky, cheeky, cheeky  
She's so cheeky cheeky  
She'll make you fall in love  
Well I got to know her  
I didn't watch my back now  
I gave her this this this and that  
Whichever way she liked she had  
Oh well I feel so silly  
Sometimes my eyes deceive me  
Why won't she receive me?  
Turn around and leave me

**(Bridge)**

**(T. Lee rap)**

## **Chorus**
