

Title : Dewi

Composer : Martin Tang

Lyricist : Martin Tang

- 1) She's another victim of our time
Pain is just another mental state of mind.
Some of us we learn.
Some of us get burnt.
Some of us we get our fates entwined.
- 2) Still she puts her life out on the line.
Looking for that moment when she finds
Luck's unwilling tune.
Love is just for fools
Fire in her eyes and then she cries out

CHORUS

Jump let's dance, it's a party
Let's take a chance
Jump and shout to the beat of life
It's a blast jump, let's jam.
Shake your body
Let's take a chance

- 3) Dragging on a cigarette she prays.
He'll be coming home today.
Only for a while
Tear drops in her eyes
The truth it always seems a waste of time
- 4) Holding on to schemes of yesterday.
Promises she made seem far away
Suddenly she smiles
Knowing that she'll find
Some elusive dream to dream so she can

Repeat CHORUS - (Pipa Solo)

After all it's just a holiday,
And everybody gets a chance for love
Romance is just a little game we play
So just get in the groove

Let's jam

Repeat CHORUS X2
