

**Title : You Are Not Alone**

**Composer : Mr Vittorio Joosten**

**Lyricist : Miss Nancy Chia**

Let us forget about the past  
Let us forget about the sorrow  
Share them with your friends  
Be merry and strong because  
You are not alone

**Chorus**

Because you are not alone  
Sing your heart out  
Sing your soul out  
Sing your feelings out  
So that all can hear

Let us forget about the sadness  
Let us forget about the illness  
Tell them to your care givers  
Be happy and joyous because

Let us forget about the misery  
Let us forget the ill memory  
Share them with your friends  
Be ready, be overcome
