

**Title : Together**

**Composer : Ken Lim**

**Lyricist : Ken Lim**

Let us be together  
Aspire to achieve  
No matter what, no matter where  
Working hand in hand

Let us go the distance  
Reach for goals that shine  
Creating our future  
With everyone in mind

Together we make a difference  
One voice, one destiny  
We remain undivided  
Our hearts in harmony

Together we make a difference  
Our friends, our families  
We will share a special dream  
Together we feel the Singapore

Let us find in our strides  
New strength to go on by  
Nothing is ever easy  
We have to hold on and strive

Let us never be afraid  
If we have to change our ways  
Through the years, we'll always stay  
One in every way
