

**Title : All Because Of You**

**Composer : Ken Lim**

**Lyricist : Ken Lim**

Your smile makes a difference  
You reflect my dreams  
Nothing ever matters  
Whenever you're with me

Your surprises never fail me  
You're my need  
Your innocence reveals  
The love I have in me

**Bridge**

I crave for your presence  
I yearn to hear you  
I understand more  
Because of you

**Chorus**

You're a natural  
All is possible  
Everything seems right  
It's so surreal  
There is no pretence  
Nothing can compare  
To the moments we shared

You're my perfect joy  
A splendid sight  
Like a stained glass that  
Sparkles from inside  
Unconditional  
Love and honesty  
It's all because of you

Your beauty lights the darkness  
You reflect true love  
The world's much better  
Whenever you're with me

Embracing our days

You are my life  
Though time waits for no one  
Forever you'll be mine
