

Title : Interlude : If Only She Knew

Composer : Taufik Batisah

Lyricist : Taufik Batisah

It was all said and done
I can't believe what you did
How can I be the one
Is it all just in my head

Trying hard not to breathe
Maybe then I'll let you leave
Nothing more I could do
All I am is there with you

It was easy to see
He would cherish your love, your touch, your kiss
And all that's in between

I gave you my soul
To have and to hold
So lost, confused

If only she knew
If only she knew
