

Title : No More Excuses

Composer : VerticalRush

Lyricist : Esmond Wee, Nicholas Chim, Daren Goh

No more excuses
No more the waiting game
I can't hold it in
'Cos you'll be going away

How it all started?
And how will it all end?
It's so amazing,
But will this all happen
again?

It's too late for that
Cos I fell in love with you
There's no turning back
I'm head over heels with you

Say all you sad goodbyes
Shed all your tears before you go
Lock up your bedroom door
Leave your belongings on the floor

Don't look back again
