Suriram ram ram Suri Ram Suri Ram ku yang manis  
Oaduhai Suriram sayang puteh kuning dipandang manis

Lihat burung berkicau kicauan  
Suriram Memuja alam dipagi hari Suri Ram  
Bahgia hidup jika berkawan sayang aman dan damai  
Kekal Abadi

Buah chempedak diluar pagar

**English translation**

**Suri Ram**

**Chorus**

Suri Ram, Suri Ram, my sweet Suri Ram  
Dear Suri Ram, fair of skin and looking sweet

Look at the birds chirping, Suri Ram  
Exalting nature in the early morn  
Happy is a life full of friends, my love  
For life will always be peaceful

There are children sitting on a bridge  
Each one threw down a stone  
We now sit facing each other, my love  
Let us each share a couplet

The 'chempedak' bears fruit outside the fence  
Let's use a pole to bring a fruit down  
I am one who is just learning the ropes, my love  
So, correct me if I'm wrong
