My life has been so  
wonderful and miracle.  
Whatever things I have done  
turn back in a circle.  
Time has already pass  
and all was in jumble,  
It's not some kind of things you see in it,  
this isn't commercial.

24/7, we're all very busy  
She likes my song that is  
really, really catchy.  
I used to read a book  
that starts with melody.  
She wears tight pants  
And she goes out to meet his friend the one  
She preferably...Lalalala

When you see me outside  
I hope you give a smile.  
Yes, you should know what's going on?  
I'll never wanted my life to be this way  
So long I'm sorry,  
I should go....
