## JUST SMILE

BY METTA SCHOOL

*It doesn't matter, how good your life is  
When things start to happen,  
Some days will turn out like this  
Just smile, keep going  
Just keep moving on*

*Everything will change,  
With the choices we make  
The days will get better, and it's never too late  
And just remember  
The things that matter... in life*

*Let's enjoy, a day with our family  
And friends, spending time together  
As long as we're happy, our hearts will just smile*

*Let's enjoy, a day with our family  
And friends, spending time together  
It'll be a wonderful day, if only we just smile*

*Memories we build, will last forever  
Through ups and downs,  
We'll still be together  
Things will happen  
But life keeps going on*

*Let's enjoy, a day with our family  
And friends, spending time together  
As long as we're happy, our hearts will just smile*
