

Title: Melody of Hope

Composer: Zann Neo, Ginn Neo (Kuo Chuan Presbyterian Secondary)

Lyricist: Zann Neo, Ginn Neo (Kuo Chuan Presbyterian Secondary)

Verse 1

I've been hiding all my feelings of being in despair
But you came into my life and smile
All my thoughts and bothers are now reversed into something good
Like seeing a new light that I didn't know

Pre-Chorus

What I'm feeling tell me is it real
Now I don't have to conceal

Chorus

Thank you for the kindness you have shown to me
You're my knight that saves me from the darkness
Thank you for not giving up on me
You sang me a melody of hope

Verse 2

I know now that no matter what I can count on you
I'm not alone as I'm always on your mind
And maybe someday I can spread the words of hope
To others making sure that they are alright

Pre-Chorus

Chorus

I have been awoken
I have found the light that have been hiding in me

Chorus

Of Hope
