

YOUTH STATION

GOTTA UNITE

BY MERIDIAN SECONDARY SCHOOL

*Life can be a really big test
But don't stress, let's forget all about the rest
Try our best, hand in hand, together
Try our best, hand in hand, together
On your own nobody has any power
Unity, you and I know that it's stronger
Try our best, hand in hand, together
Try our best, hand in hand, together*

*Life can be challenging
We gotta unite
Life can be challenging
We gotta unite*

*We gotta have faith (have faith),
have trust (have trust)
In the power of a team
We gotta have troubles, have problems,
That strengthens us as one*

*We gotta have faith (have faith),
have trust (have trust)
In the power of a team
We gotta have purpose, have passion
Have power in our light*

*Life can be confusing sometimes
We gotta figure it out, gotta work as one
Try our best, hand in hand, together
Try our best, hand in hand, together*

*With friends, the journey's always better
A good friend fits like a ring to a finger
Through the wind, the rain and any stormy weather
Try our best, hand in hand, together*

*Life can be challenging
We gotta unite
Life can be challenging
We gotta unite*

*We gotta have faith (have faith),
have trust (have trust)
In the power of a team
We gotta have troubles, have problems,
That strengthens us as one*

*We gotta have faith (have faith),
have trust (have trust)
In the power of a team
We gotta have purpose, have passion
Have power in our light*

*We're all special
Good in our own ways
Daunting but we'll do what we can*

*Life can be challenging
(Through the wind, the rain and any stormy weather)
We gotta unite
(Try our best, hand in hand, together)
Life can be challenging
(Through the wind, the rain and any stormy weather)
We gotta unite
(Try our best, hand in hand, together)*
