

Title : Cosmic Dreams

Composer : Kit Chan

Lyricist : Kit Chan

I dream, you dream, she dreams, we dream
I dream, you dream, she dreams, we dream
Of crystal balls n mercury rain
Of carefree love n wilful ways

I dream, you dream, he dreams, we dream
I dream, you dream, he dreams, we dream
Of long-lost love n forgotten places
Of childhood friends n simple plans

I dream in the day
And think in the night
So my dreams come alive
And my thoughts can hide

I wanna fall
I wanna call
Fall into these cosmic dreams
I wanna call for these cosmic dreams
Fall into these cosmic dreams
I fall into these cosmic dreams

Yes I love you
My cosmic dream
