

**Title : Cosmic Dreams**

**Composer : Kit Chan**

**Lyricist : Kit Chan**

I dream, you dream, she dreams, we dream  
I dream, you dream, she dreams, we dream  
Of crystal balls n mercury rain  
Of carefree love n wilful ways

I dream, you dream, he dreams, we dream  
I dream, you dream, he dreams, we dream  
Of long-lost love n forgotten places  
Of childhood friends n simple plans

I dream in the day  
And think in the night  
So my dreams come alive  
And my thoughts can hide

I wanna fall  
I wanna call  
Fall into these cosmic dreams  
I wanna call for these cosmic dreams  
Fall into these cosmic dreams  
I fall into these cosmic dreams

Yes I love you  
My cosmic dream
