

**Title : So Fast Another Christmas**

**Composer : Clement Chow**

**Lyricist : Clement Chow**

**CHORUS**

So fast another Christmas  
Another Christmas comes so fast

Oh No! Not again  
Another year has come and gone  
So many things we've left undone  
I guess our time is movin' on

No use lookin' back  
Cause you could feel kinda scared  
Everytning's been movin' fast  
You couldn't see it going past

**(Chorus repeat)**

Look at where we are  
We've not come very far  
Taking things too lightly  
We end up seeing stars

No use looking' back  
Cause you could feel kinda scared  
Everything's been movin' fast  
You couldn't see it going past

**(Chorus repeat)**

We've got to learn to make  
the most of our time  
While it still lasts  
We're growin' older hopefully wiser  
Got to learn to stand the test of time.....
