

Title : Bridges Of Hope

Composer : Eugene Lee

Lyricist : Eugene Lee

You help build hopes for many,
by giving them a second try.
And I sincerely want to thank you,
you gave me strength while still inside,
Bridges of Hope you've given me,
I don't know how to thank you earnestly.
I never knew that you would help me,
I never knew that you did care,
My life is changed now and I thank you,
For others like me I will share.
Bridges of Hope, you be given me
I don't know how to thank you earnestly.
The life I lead now has a meaning
And nothing to it can compare
While inside four walls and a ceiling,
I found no happiness there.
Bridges of hope, you've given me.
This song is but a token of sincerity
