**Composer : Syed Ahmad**

**Lyricist : Esam**

She's the toast of the  
town that's right  
chocolates are a sin  
sugarfree's alright  
everything's alright  
she's alone in a car  
outside everynight it's  
the same where the red  
lights bright  
everything's alright les  
paraben she's a fading  
neon light les paraben  
like a little shooting  
star les paraben she's  
a twinkle she's the  
reigning beauty queen  
that's right boyfriends  
are a pain where the  
sun don't shine  
everything's alright
