

Title : Our Light : Tribute To Nurses

Composer : Amin Sulaiman

Lyricist : Amin Sulaiman

Time, time that you gave to me
No one ever knows
But I know and heaven knows
That it will spin again

The colours that you have in you
It's so white never fail
Lots of faith that it will be alright

The touch that you gave to me
It's so warm
No one knows but I know
That light that shine on me till tomorrow

I was meant to be
I was meant to be
To care for you

Chorus

Caring for community is the answer to my prayer
The heaven be blessed for you and the rest (2x)

Time, time that you gave to me
No one ever knows
But I know and heaven knows
That it will spin again till tomorrow
Till tomorrow and again
Till tomorrow...
